TEACHING SERIES

Starting
October 14/15

A New Way to Be HUMAN

Jesus started his public ministry with a bang, delivering a provocative sermon now known as, "The Sermon on the Mount." What made this sermon provocative was the way it challenged just about the entire religious system and way of life that Jesus' audience considered to be good and true. In just a few short words, Jesus gave the people a new way to be human that the world had never seen before. Join us to celebrate the way in which Jesus' words can continue to shape the way we live today.
